Prospective Committee Goals

Budget: Maintain and meet to adjust the 2025 budget as needed. Develop the 2026 budget. Assess and recommend to the board if a budget increase should be requested for 2027.

Building: In 2025, the committee will consult on regular maintenance of the building. Beginning in 2022 into 2025, the committee will consult on the 2022 Construction Project: Door & Alarm Replacement and begin consulting on the 2026 Construction Project: Roof/Gutters/Eaves.

Development: The Development committee is responsible for finding prospective board members, and performing the director's annual evaluation and recommending any increase in pay for the director. The committee is also involved in the Long Range plan process. In 2025, this will involve writing the next 5 year plan. In 2026, this will be monitoring progress toward goals and recommending changes or adjustments to the new plan.

Policy: The policy committee will continue efforts to update the policy manual, maintaining regular review of policies and developing any new policies as needed.
